SYNOPSIS.

THE CITY. Chicago man invades spook's den and captures spook's skin, losing his own scalp in the tussle. Robert Bruce Scott says Congressman Hopkins will not let it be out by some other matter. There is also a probability of a resign at any time to the question of the scarcity of coal, in connection with Senator Vest's proposition to abolish the tariff on anthracite.

Senator Nelson has not completed his speech on the Statehood Bill. He said today that he was not able to say when he would conclude, but when he does, Senator Burnham will be ready to proceed to opponents of the bill now make little effort to conceal their intention to continue the debate on the bill indefinitely, with the hope that it will be sidetracked by other bills which must be pressed before Congress.

The friends of the Statehood Bill say they see no necessity for getting out of the way of the appropriation bills for this present.

The House this week will start in earnest on the appropriation bills. The Indian and Army Supply bills are on the calendar, and three others will be reported during the week, namely, the Diplomatic and Consular, the District of Columbia and Agricultural, and the Philippine Bill.

It is probable that the time allotted for debate on these bills will be consumed largely in discussion of general political questions. The House will adjourn early tomorrow, owing to the sudden death today of Representative Thomas H. Tongue, one of the veterans' Statehood Bill.

While the Democrats will urge the adoption of a more drastic bill than will be agreed upon by Congress, the latter expect both sides of the House, in the final passage, to vote solidly for whatever measure is offered.

SOUTHERN CALIFORNIA.

Pasadena Children's Home prospers in its fine quarters. Heavy rain does damage at Santa Monica and Ocean Park. Union tyrannical exhibited at Bakersfield. Remarkable love ends in shooting in Handburg bawdy house. Burial of an unwilling victim at San Bernardino. Long-standing school trouble settled at Fowler. Annual "prep" reception at Claremont. Young woman dies after dancing at Redlands.

PACIFIC COAST.

Gridley man stands all night in cold water, held by his crushed arm in a wheel. Three candidates for the Washington Senatorship and four in Oregon. Final arrangements for the inaugural ball. News at Sacramento. Senator Smith sore at being "run down" by Northern Pacific tracks clear.

GENERAL EASTERN.

Apostle Reed smoothes the Senatorial procession in Utah. New Yorker's wife perishes in her burning home. Suffering in the East because of cold. Irrigation in Texas. Demand for coal in the Reading district cannot be supplied. Heine in a demand.

FOREIGN.

By Cable. Philippines urge Gov. Taft to remain. Outbreak of ladronism in Albany province. Emigration from Germany. Plague in Hermosillo. Long-standing school trouble settled at Fowler. Annual "prep" reception at Claremont. Young woman dies after dancing at Redlands.

WASHINGTON.

Death of Representative Thomas H. Tongue. Committee sees the President respecting all of the veterans' Statehood Bill. Sidetracked by its foes, if possible. Forecast of Senate and House. President is against polygamy.

IRRIGATION IN TEXAS.

New Canal One Hundred Miles in Length to Toyah Lake, Which Will be One of Largest Canals in Existence. (BY DIRECT WIRE TO THE TIMES.)

ASTORIA, Tex., Jan. 11.—[Exclusive Dispatch.] The Toyah Irrigation Company, composed of Texas and Philadelphia capitalists, has begun constructing what is planned to be the most extensive system of irrigation in the United States. It is proposed to place under irrigation 250,000 acres of land situated in the dry region of Western Texas. The main canal will be 100 miles in length, cutting out on the west side of the river, 30 miles from the town of Pecos, and running along the edge of the hills in a southward direction, crossing the Texas and Pacific Railroad six miles west of Pecos and on to Toyah Lake, seven miles south of Pecos, where they will construct one of the largest reservoirs in existence.

DRAWING LINE AT POLYGAMY.

WASHINGTON, Jan. 11.—[Exclusive Dispatch.] It was explained today that in expressing the hope that Republicans would not elect a Mormon to the United States Senate, the President had no intention of interfering with the election of a non-polygamist. He was merely voicing the hope that no apostle of the latter day Saints would be elected as such, because the President believes his allegiance to his church would seriously interfere with his allegiance to his country.

WHITE HOUSE RECEPTION.

FEW RETIRED OFFICERS THERE. (BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Jan. 11.—[Exclusive Dispatch.] At the White House New Year reception it was noticeable that very few retired officers appeared in the column of officers of the army who called to greet the Commander-in-Chief. This fact has caused much feeling among old officers and may result in a change of regulation.

CRUISERS TAKE COOL.

ST. THOMAS (D. W. L.) Jan. 11.—The United States cruiser Chicago, with Admiral Crounse aboard, and the United States cruiser Cincinnati took cool today and later sailed for Tenerife.

Scarcity of Coal May Be Discussed in Connection With Senator Vest's Tariff Idea.

Indian and Army Supply Propositions on the Calendar—President and the Mormons.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Jan. 11.—The program for the Senate for the week includes the continuation of the discussion of the Statehood Bill each day after 2 o'clock, and the intermittent discussion of the Philippine Bill during the morning hours of each day when it is not cut out by some other matter. There is also a probability of a resign at any time to the question of the scarcity of coal, in connection with Senator Vest's proposition to abolish the tariff on anthracite.

Senator Nelson has not completed his speech on the Statehood Bill. He said today that he was not able to say when he would conclude, but when he does, Senator Burnham will be ready to proceed to opponents of the bill now make little effort to conceal their intention to continue the debate on the bill indefinitely, with the hope that it will be sidetracked by other bills which must be pressed before Congress.

WASHINGTON, Jan. 11.—A statement compiled by the Bureau of Internal Affairs of the War Department from official returns shows that during the month of September, 1902, the imports of merchandise into the Philippines amounted to \$7,755,000, an increase of more than half a million dollars over the corresponding month of 1901, and considerably above the average monthly value for nine months of the current year. The export trade of \$2,588,533 is the largest of any single month since the American occupation, the exportation of hemp alone amounting to over \$2,500,000, practically three-fourths of which was sent to the United States, sugar and tobacco shipments during the month aggregating \$123,724.

The recent legislation favorable to the direct shipments of hemp to this country is apparently beginning with the month of May, 1902. This trade, for the five months ended with September 30, 1902, brought \$2,581,165, as compared with \$1,624,527 for the corresponding period of 1901.

Imports of merchandise during the nine months ended September 30, 1902, were valued at \$24,534,322, against \$21,152,12 for the same period of 1901, and \$17,187,091 in 1900. Manufactured articles continue to make up more than half the purchases, although two-fifths of the current nine months trade (including nearly \$1 million dollars' worth of rice) consists of food stuffs, as compared with one-fourth in the corresponding period of the preceding year.

The total value of exports for nine months ended September 30, 1902, was \$19,223,015, as compared with \$15,860,748 during the previous year, and \$17,882,209 in 1900. Almost two-fifths, or \$7,224,411 of the total export trade for nine months of the current year is credited to the United States, placing this country far in advance as the leading buyer of Philippine products.

IMPORTS OF MERCHANDISE. (BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Jan. 11.—The Committee on Legislation of the Grand Army of the Republic has been in session at the Roberts House here since Thursday. It considered mainly pending legislation for the aid of veterans in seeking appointments to the public service.

A subcommittee was appointed, consisting of Chairman Joseph W. Patrick, New York, and George W. Kay, Alabama, and they visited the President and Postmaster-General Friday in the interest of legislation to prefer those who served the Union in the army and navy in the Civil War in appointments, retentions or promotions to the public service over other persons.

The committee has returned home satisfied with the results of its efforts.

WHITE HOUSE CONFERENCE. (BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Jan. 11.—Speaker Henderson and Mr. Aldrich were at the White House in conference with the President until a late hour tonight. The came at the invitation of the President, who desired to talk over with them the prospects of legislation in both branches of Congress.

HEAVY SNOWSTORM.

CHICAGO, Jan. 11.—[Exclusive Dispatch.] Four persons were found frozen to death here late tonight. One of the victims was William Madison of Los Angeles and another, John Gravin of Oakland, Cal. Both were out of work, and died from exposure.

The coal situation remains unchanged, and its causes and effects on the suffering of humanity were discussed by a large number of Chicago pastors during their sermons today. The actual search for evidence of the snow is drifting to a depth of several feet. There was much suffering among the poor, but the worst cases of destitution were provided for by charitable institutions.

SACRAMENTO. LEGISLATURE IN NO HASTE.

Probably Will Continue for
Seventy-five Days.

Nearly Six Hundred Bills by the
Labor Delegates.

Gov. Pardee Talks of Necessity
of Keeping Down Expenses—
Senator Smith Sore.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] It is generally conceded that the present session of the Legislature will continue seventy-five days, which would bring the adjournment about the 25th of March. It is admitted that there will be a greater number of bills this time than two years ago, and this does not at all refer to the work which sooner or later must be done to legislate the codes. The session of the codes is sufficient to strike terror to the hearts of nearly all the members, because, under the decision of the Supreme Court, every section of the codes which refers to a different subject must be enacted as a separate bill, and to do this alone would require a session fully twice as long as the regular sessions usually are. This Legislature does not want to tackle it, but whether it will wholly disregard it is doubtful, for there are measures contained in the codes which must be adopted soon, for the safety and convenience of State institutions.

From the Union Labor members, that new and decidedly radical element in the Legislature, it is reported that nearly 600 bills may be expected. These members do not consider that their constituency is confined to the districts which elect them, but they have taken upon themselves the work of representing union labor all over the State. One of their bills, which has been prepared, but which may not be presented, unless they see a favorable opportunity, provides a penalty for the employment of any but union men on public work. This measure cannot be taken seriously, even by themselves, for it is so clearly class legislation that it would not stand for a moment in the courts. Despite this, they may try it to make themselves solid with those whom they represent. The bills carrying appropriations, amendments to the county government act, State highway measures, and other bills of a similar nature, are the ones which will be the most important. If the Legislature got down to work promptly and worked properly, the business could be disposed of within the constitutional limit of sixty days, but the old habit of loafing during the first part of the session and making up for it during the latter part has taken possession of the members, and if they do not get down to work early, it will surprise some of the older members.

A new rule has been proposed with reference to the attaches whose name is legion. It is designed to prevent the employes of either house of the Legislature all the time and earning nothing although they regularly draw their pay. According to the rule, if it is adopted, every attaché must appear in the office of the speaker or the clerk of the house at the opening of each session and register and report for duty. Then, at adjournment for that session, they must again appear. If there is to be another session that day, the same course is to be followed. This is all very well in theory, but it is doubtful if any such measure would be strictly enforced. The only check it really is, is that it may result in getting some attaché attached in trouble for not being present when he happens to be wanted.

CALIFORNIA LEGISLATURE.
THIRTY-FIFTH SESSION.
(BY THE ASSOCIATED PRESS-P.M.)
SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] The Senate adjourned just long enough to take adjournment until tomorrow morning, when a further recess will be taken until Tuesday morning, when the Senate adjourned, but nine Senators answered the roll call.

A few moments after the adjournment had been taken, the morning train from San Francisco brought a dozen members of the upper house, who had arrived sooner than had been expected. Had the incoming Senators been present when the roll was called, a quorum would have been present and an adjournment at once taken until Tuesday morning.

SENATOR SMITH SORE.
LOSES A CHAIRMANSHIP.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] The most disappointing man in Sacramento tonight is Senator Fred M. Smith of Los Angeles. He came here weeks ago and made formal application for the chairmanship of the Committee on Corporations, and he says he was assured that he would be elected. In order to clinch the matter, he sent his friends to Lieut. Gov. Anderson to bolster up his claims, and he says he received from them statements that led him to believe that the place was virtually his. Now he has been told in so many words that the place is going to be given to another.

At first, Senator Smith was disposed to buck at this, but he has decided that he will swallow his disappointment. Yesterday, when he met the Lieutenant-Governor, there was an exchange of pleasantries, out of which some newspapers expected to make a sensation, but there was really nothing to it. Smith flatly asserts that he has been "thrown down," and does not mind words in telling what he thinks is the reason for it.

"Had I agreed to vote for Perkins," said he, "I would have been given the chairmanship. I think that as senior Senator from the banner Republican county in the State, I am entitled to it, and on that ground I made my application. Early in the Senatorial fight I was given to understand that unless I agreed to vote for Perkins I need look for no favors, and that I would certainly be 'thrown down.' I would not stand for Perkins

and indicated that by joining those who walked out of the Senatorial caucus last Wednesday night. I was told then what I might expect.

Two Los Angeles men were detailed to whip me into line in the Perkins fight, and when I told them flatly that I would not support Perkins they went to the Lieutenant-Governor and knocked me. One of those men has applied vile epithets to Mr. Anderson, and I told him of it. I am fully convinced that because I would not support Perkins, the edict went out that was to be punished, and this is the punishment."

INAUGURAL BALL.
FINAL ARRANGEMENTS MADE.

(BY THE ASSOCIATED PRESS-P.M.)
SACRAMENTO, Jan. 11.—Tonight the final arrangements were made for the inaugural ball, the elaborate State function which is held once in every four years at the Capitol. According to reports received by those having the affair in charge, it will be one of the most spectacular, as well as one of the most distinctive social events held here for many years. Tomorrow the decorators will complete the work of beautifying the immense hallways and of laying canvas for the dancers over the carpeted floor in the Assembly and Senate chambers.

Tomorrow night the Reception Committee of the ball will be at the Capitol at 8 o'clock, where the Senators and the members of the Legislature, with their ladies, will be shown to the main room of the State Library, where the electors of the Governor and the members of the Legislature will assemble in the office of the Secretary of State.

Orchestra will play in both chambers and also in the rotunda, discouraging concert music until the formation of the grand march at 9:15 o'clock. One division will form in the Senate chamber, and one in the Assembly chamber. The first set, which will be the last, will be composed of Governor and Mrs. Pardee, Lieutenant-Governor and Mrs. Alden Anderson, Speaker and Mrs. Arthur C. Pelt, Secretary of State Charles Curran and lady. Then will follow the electors of the Governor and their ladies, the members of the Legislature, the members of the Executive Committee, the members of the Senate and Assembly and their ladies, and then the other guests.

The order of the ball will be the same, and will be danced simultaneously. There will be no intermission for supper, which will be served continuously from 9 o'clock in buffets in the extreme north and south wings of the building. It is expected that the dancing will not be concluded until an early hour.

MELICK'S APPOINTMENT.
HE MAY GIVE IT UP.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] The appointment of Walter S. Melick of Pasadena to succeed Don Keane as secretary of the State Board of Examiners, came as a surprise to nearly all the members of the Legislature, and some politicians who had known and been associated with the Pasadena editor in the past. There were several other applicants for the position, but Gov. Pardee had held his own counsel, and had told his cabinet that he would appoint Melick, who was here with the intention of declining the honor, so he says, but some of the members from Pasadena took him in tow, and he decided to accept the position. He has been a resident of living in Sacramento, and thus abandoning his newspaper work at home.

Melick says if he can so arrange matters that he can spend only half his time in the State, he will accept the position; otherwise, he intimates that he will hold it only for a few months. He began learning the duties of his office today, under the tutelage of Keane and some of the other members of the board. He will probably remain here throughout the session of the Legislature.

FIRST JUDICIAL APPOINTMENT.
JUDGE M. P. BENNETT.

(BY THE ASSOCIATED PRESS-P.M.)
SACRAMENTO, Jan. 11.—Gov. Pardee's first judicial appointment was made tonight, when he named Judge M. P. Bennett of Placerville to succeed Judge J. D. Carpenter as the vacant Superior bench of El Dorado county. Judge Bennett was the defeated opponent of the deceased official at the recent election. After Carpenter's death, an effort was made to appoint Gov. Pardee to the position, but the splendid record of Judge Bennett during his previous career in the same position, proved too strong for the opposition, and he was named responsible for his selection for the place.

Gov. Pardee and family will move tomorrow into their new home, the Lindsey residence, and will partake of their first dinner there tomorrow night. Mrs. Pardee is arranging to have her children enter the Sacramento public schools.

GOV. PARDEE TALKS.
SOUND IN HIS IDEAS.

(BY THE ASSOCIATED PRESS-P.M.)
SACRAMENTO, Jan. 11.—Although his inaugural message gave quite full intimation as to what the general policy of his administration will be, Gov. Pardee has since been giving further information on matters legislative in informal discussions with members of the Senate and Assembly. Tonight he talked for some time with Assemblyman Ammerig, the latter of his hotel, where he is in the habit of nightly meeting the members of the Legislature, and during the course of the conversation, the Governor plainly intimated that the funds of the State shall not be wasted.

Burns said today that the men had had opportunity to make something and had failed to accept it.

TOSCANELLI'S DOCUMENTS.
PARIS, Jan. 11.—Henry Vignatelli, first secretary of the United States embassy in Paris, has received from the Americanist Society of Paris a letter published his letters, written to Sir Clements Markham, president of the Royal Geographical Society, and Charles Raymond Bosley, in reply to their criticisms of his book "Toscanelli's Discovery of America." The latest contributions raised an interesting controversy by Vignatelli's assertion that the famous documents ascribed to Toscanelli, the learned Florentine astronomer, were fabricated. They clearly set forth arguments against the authenticity of the documents, and in a letter, and favor the story of the plot who is said to have given Columbus the hint which led to the discovery of the Western Hemisphere.

PHIPH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Jan. 11.—[Exclusive Dispatch.] The snowstorm arrived here today daylight this morning and continued all the afternoon, with the wind shifted to the northwest and the temperature again took the down grade, reaching 3 deg. below at 11 o'clock tonight. The maximum was 16 deg. above. Street-car service was badly crippled in various parts of the city. The storm was general throughout the lake region, extending from St. Paul on the north to Indianapolis on the south. Below zero temperatures are reported tonight, all through the northern part of the Middle West, and at Indianapolis it is only 4 deg. above.

COAL FAMINE BRINGS ILLNESS.
This week's bulletin of the Health Department declares "that fully 10 per cent. of nearly 300,000 residents of Chicago are suffering from ailments of a serious character caused by privation and exposure resulting from the coal famine," and "that these ailments are reflected in an enormous increase of deaths among the young and the aged."

Mr. and Mrs. Rudolph S. Blome and their daughter will leave for California, January 17, to be gone for the winter.

REAL ESTATE DEALS.
The Illinois Life Insurance Company is reported to have secured an option on the Oriental building on La Salle street and to be planning the erection of a modern sixteen-story skyscraper on the site. Negotiations are also under way for a lease of school property at Monroe street, as a site for a new theater for Weber and Fields.

Another point brought out by the Governor during his conversation is that the Legislature, and not wholly by the measure of the present condition of the normal schools, and if he had his way, he would place them all under the direction of the State University.

SENATORIAL GOSSIP.

WOLFE CHANGES TO PERKINS.
(BY THE ASSOCIATED PRESS-P.M.)
SACRAMENTO, Jan. 11.—Among the arrivals from San Francisco tonight were Senators Shortridge and Wolfe. Wolfe, who has been in California since his views on the Senatorial question, Senator Wolfe, who two nights ago announced that he would probably cast his vote in the Senate for Shortridge, replied that he thinks that he will now vote for Senator Perkins.

GLASS WORKERS' SPLIT.

Failure of the Profit-sharing Proposition of the American Association Did Not Surprise Union Labor Circles.
(BY DIRECT WIRE TO THE TIMES.)
PITTSBURGH, Jan. 11.—[Exclusive Dispatch.] There was little surprise expressed in labor circles today over the failure of the profit-sharing proposition between the American Window Glass Company and the members of the Window Glass Workers' Association. Workmen considered it a deal on the part of the American Window Glass Association whereby it would secure the entire window-glass trade of the country.

The company made the proposition in 1909 to the men that it would give them 5000 shares of common stock which today has a market value of \$100,000. The proposition was presented to the men by the president of the Window Glass Workers, who guaranteed to make the furnaces of the company throughout the year. If the company so desired. This would avoid the regular summer shut-down, which is always customary, and would have allowed the company to secure a surplus stock and give it an advantage over competitors which the latter could not overcome.

Burns agreed to the proposition, the stock was subscribed for by the men, and in 1910 he was elected to the directorate of the glass company. Internal strife arose among the workers, Burns said, and he could not carry out his promise for the men objected to working when they did not care to work. The men, he said, were divided into two factions, one of which, known as the Denny faction, finally withdrawing from the current body and starting an organization of its own.

Burns had no control over these men, and the monopoly the American Window Glass Company had hoped for fell through. The American Window Glass Company, he said, would withdraw their proposal to the men, but the action was not actually taken until yesterday.

Burns said today that the men had had opportunity to make something and had failed to accept it.

EAST LOS ANGELES.
The public installation of the new
officers of the East Los Angeles
Masonic Lodge No. 123, held
on Thursday evening in Odd
Fellows' Hall, and was largely
attended. Delegates were present
from the Bartlett-Logan Post
and from the Elks Lodge No. 123.
The installation was a most
interesting affair, and the
new officers were installed
with much ceremony.

SOUTH PASADENA.
The public library during the past
week has received 100 new volumes,
including the latest successes in
novels, art, history and travel. The
appropriation received from this year's
taxes for the book-purchasing fund
will be the largest in the history of
the library. The first meeting for
the year of the Library Board will
take place tonight.

The city is now the proud possessor
of a team of mules, received by a
special "mule-purchasing committee."
The mules were purchased from the
paragon of strength and usefulness
were transferred to city ownership for
\$25, and will be used on street work.
Profiting by the recent disaster of
the fire in the city, the city has
purchased a new fire engine, and

ANGELENO HEIGHTS.
A. L. Arkilis, who was brought here
from the needles for treatment, died
at the Sisters' Hospital Saturday, and
his funeral will be held this afternoon
at 2:30 at Breese Bros' undertaking
parlors. The interment will be in Rose-
dale Cemetery. Mr. Arkilis was a
member of the World, and the members
will conduct the funeral services.

The marriage of Miss Margaret Coyne
of Chicago, formerly of this city, and
Frank A. Lindenfeld, took place at
St. Mary's Church, Los Angeles, on
Saturday evening, January 10, at 8 o'clock
on Wednesday morning. The bride was
attended by her mother, Mrs. J. A. Coyne,
and the groom's sister, Miss Lindenfeld.
The wedding breakfast was served at
the home of the bride, and the wedding
party consisted of the bride, groom,
best man, bridesmaid, and a large
number of guests.

The Adams-Street Building Company

BOYLE HEIGHTS.
Notices were posted last week for
the proposed improvement of a large
section of Boyle Heights by the con-
struction of sewers. The new sewer
district includes North St. Louis street,
Brooklyn avenue, North Chicago street,
Michigan avenue, New Jersey street
and State street and extends from
Michigan avenue to Sheridan street and
from Bailey street to Broad street, tak-
ing in practically all that part of the
northern heights that is served
by the sewer system of the city.
The new system of outfall sewers, for
which bonds were recently voted, will
give these northern heights the same
main sewer, and allow proper
service to the whole territory east of
the river.

Samuel Rees has begun the erection
of two more cottages on the North St.
Louis-street frontage of his tract on
Boyle Heights. He has sold several
of the cottages he has built here.
A factor that will make for the rapid
growth of the northern heights is the
division of the Workman lands west
of Boyle avenue, as the fifty-acre tract
which has just been purchased by local
capitalists will be divided into 100
lots with alleys, and sold at prices
and terms that will insure a quick
growth.

T. G. Schulze has sold to W. E. Mc-
Crack his cottage at No. 2314 Michigan
avenue, for \$2000.

CROWN HILLS.
After suffering the inconvenience of
having to revert to old routes in order
to reach downtown business districts
for the past month, because of the
closure of a new tunnel, the citizens
of this territory rejoice to see the
tunnel again open for general traf-
fic.

The tunnel is in better condition than
before. The tunnel has proven to be
an invaluable improvement to this
territory, and has been the means di-
rectly of drawing a vast trade of
hitherto practically unknown lands.

Prospects are good for the continu-
ance of the paving of West Third street
from the corner of Broadway to
Figueras street, and the legal ma-
chine is now in operation to secure
the right of way for the paving of
Figueras street from Second street
to Third street.

There are now in course of construc-
tion on West Fifth street, between
Beaudry avenue and Lucas street,
nine handsome two-story residences.

PIONEER BISHOP'S
DOUGHNUT HONOR.
YESTERDAY another event was
added to the long chain of notable
happenings which have had as
their focal action the historic Old
Church of Our Lady of the Angels.
It was the return of a faithful ser-
vant of the church, who went out from
almost a score of years spent in the
pastorate of the old church as an hun-
dred priest, but known and beloved by
Catholics throughout all Southern
California, as "Father Peter," and who
was welcomed back after many years'
absence as the Right Rev. Bishop Ver-
dugue of the diocese of Brownsville,
Tex., a large and growing diocese.

Complimentary to the visit of the
bishop, yesterday at 9 o'clock a spe-
cial mass was celebrated with elabo-
rate ceremonies at the Plaza Church,
and the old building was filled to the
doors with the former parishioners of
Father Peter. The bishop was in the
sanctuary in his official robes, and the
celebrant of the mass was Rev. W.
Thomas F. Fahy, recently appointed
assistant to Rev. E. Coté in this par-
ish.

Last night at the vespers service Rev.
Thomas F. Fahy preached and the juve-
nile choir, under the direction of Miss
Doyle sang. Joseph Valle sang the
"Ave Maria" as a soloist.

For nineteen years Father Peter was
the pastor of the Church of Our Lady
of the Angels, and the work was
practically reorganized during his time
here. The parish at that time was
an extended one, and the work very
trying and arduous, taxing the phys-
ical and mental powers of the pastor
to the limit. His work took him at various
times to all sections of Southern Cal-
ifornia, and the people everywhere
knew and loved the devoted and self-
sacrificing priest.

Several years ago he was called to
the larger of Los Angeles, where he
was consecrated as the bishop of the
diocese of Brownsville, where his ac-
tive work has been in organizing
the large and scattered church interest.
The bishop's field is 250 miles square,
and the lack of railroads requires him
to make most of his journeys by
team and a special wagon fitted up
for his work.

Only a few months he has felt the tax
on his strength and health, and he
has come to Los Angeles for a rest of a
few weeks. While here Bishop Verdugue,
the guest of Mr. and Mrs. John
Francis at No. 305 South Bonnie Brae
street, have been acknowledged in the re-
spondents of J. J. Crites of this place
as a deputy sheriff by Sheriff Will A.
White. Mr. Crites has served as
deputy sheriff of the four sheriffs of
Los Angeles county.

Robert Mills has purchased the Lind-
say estate, including lots 10, 11 and
12 in the Lindsay Orchard tract, in
Lindsay street, and will remodel it
for his own home.

Charles E. Gassett has sold the Lind-
say estate to Robert Mills, lot 10 of
the Parkside tract, located at the
corner of Parkside and Broadway
streets, and for Andrew Gassett to C.
W. Bowen lots 12 and 13 of block 17,
on Cooper avenue, including the Glas-
cott house.

Otto W. Irthach and family have
come from the city to occupy the re-
sidence of Mr. Blackburn on New York
street.

C. G. Packard has sold for Miss
Carmel Frances Morcom of
London, Eng., lot 17 of block 4
on the east side of Pasadena avenue,
near Avenue 55, for an investment.

The Los Angeles Chamber of Com-
merce has turned its books and effects
over to the Los Angeles City Library, and
the library recently installed here, be-
coming responsible for the expenses, etc.,
which have heretofore been borne by
private contributions. For the present
there will be only an evening at-
tendance.

The members of the choir of the
Church of the Angels were enter-
tained with a "Twelfth Night Party"
Tuesday evening, in the studio in the
San Rafael Block, by the Misses Os-
born, Galpin, Hampton and Harnisch-
feger. Each guest was costumed to
represent some child character, and
Mrs. Harnischfeger represented old
Mother Hubbard, while Mrs. Campbell
represented the old woman who
lived in the shoe. There were typical
old-country games, a Christmas tree
and a large number of refreshments.
Twenty-five persons enjoyed this novel
entertainment.

The recent fair of St. Mary's Guild
of the Church of the Angels netted the
ladies about \$50, and this money is to
be used in fitting up the chapel in the
San Rafael Block. The choir rooms in
the basement of the church are about
completed. Yesterday at the Church
of the Angels, the choir sang the
"Gloria," with the alto solo sung by
Miss Lilian Hulse.

Treatment of Weakness

Varicocele

The perfection of new method of curing varicocele is no longer a mere wish, but a reality, achievement, and means a striking example of the power of the new scientific and genetic forms of treatment. Equally feasible, it demonstrates the folly of resorting to surgery in the treatment of this disease. I cure varicocele in one week without cutting, and without anesthesia. It is necessary to detain the patient a single day in the hospital, and to give him a rest (only) in each instance, personal relaxation, and the natural recovery of the waste and repair of the tissues effected throughout the organic system. Why operate? I have enlarged your health and made you free! I offer you a radical cure, and I am not a quack.

Specific Blood Poison. This most heinous of all venereal diseases can no longer be classed as incurable. The idea that the final stage of the disease is death is a gross error. It is, however, as many other potent diseases, a blood poison, and its cure consists in the removal of the poison from the system. The treatment of the venereal disease is such treatment not infrequently results in the victim having driven deeper into the system, and the more serious dangers even the very bones of the sufferer. It is possible to combat the disease by removing the poison from the system in sixty days. The cure

symptom of the disease vanishes forever.
I employ no dangerous drugs or mineral
poisons but the harmless blood-purifying
remedies, heretofore unknown in the treat-
ment of this disease, I regard my success
in overcoming this frightful legacy
as the crowning triumph of my profes-
sional career.

The British and American Union will hold a Burns celebration at its monthly meeting next Tuesday evening in Lincoln Hall, No. 1304 South Spring street, when a Scottish entertainment will be given.

For Christian University.

Members of the churches of Los Angeles are to be appealed to aid in the endowment of a school of that denomination at Richmond, Ind. Sale of seats opens today at the Union Pacific Railroad office.

Changes of Quinlan.

Rev. W. Quinlan has been transferred from the Church of Our Lady of the Angels to St. Vincent's Cathedral, and he is succeeded at the Plaza church by Rev. Ambrosia Lebellegue, a recent arrival from Guatemala.

The Temper.

Tonight Louis James and Frederick Ward will open at the Los Angeles Theater in "The Temper." It is said that the scenic effects of this production are some of the most elaborate ever attempted by traveling organizations.

Ballad Concert.

Thursday evening, Miss Marian Gordon will give her third ballad concert of the season at Cannock Hall. An entirely new programme will be heard, with soloists who have not taken part this year. Sale of seats opens today at the Sacred Music Company.

Morning Blaze.

Fire, which started from a defective gas heater, broke out in the residence of W. L. Campbell, No. 169 West Twenty-third street yesterday morning and was well under way before the first fire company arrived. After that it was quickly extinguished. The loss on the building was \$500 and on the contents, \$200, covered by insurance.

Burton's Funeral.

The funeral of Charles Burton, who was killed last Wednesday by the falling wall on Fourth street, will take place at the African Methodist Episcopal Zion Church, corner Ruth and Fourth streets, Thursday afternoon at 2 o'clock. The casket will be in the church at 1 o'clock. The service will be held at 2 o'clock. The casket will be in the church at 1 o'clock. The service will be held at 2 o'clock.

The Honor of Being Honored.

The honor of being honored is a delegate to the Pan-Presbyterian Council, which will hold its triennial session in Liverpool, Eng., in June, 1904, has been conferred upon Dr. Hugh K. Walker, pastor of the Immanuel Presbyterian Church. This council represents a constituency of 25,000,000 people, and includes representatives from all of the Presbyterian and Reformed churches of the world.

Death of Carl Myers.

Carl Myers, for many years a resident of Los Angeles and well known here, died suddenly at the home of his sister, Mrs. Ernest Duden of San Francisco, last Thursday afternoon. Myers left this city last Tuesday evening. Three sisters, Mrs. Ernest Duden and Miss Harriet Duden of San Francisco and Mrs. John Dickenson of Ottawa, Kan., and a brother, John Myers of Nashville, Tenn., are surviving relatives. Deceased was 44 years old.

Bestial Crime Charged.

Walter P. Hancock, a young man who has been working at the carpenter trade, was arrested in this city yesterday on a warrant charging him with attempt to rape. The complainant is a railroad man named McClure, who formerly lived in Los Angeles, but is now in Arizona. It is alleged that Hancock took indecent liberties with McClure's youngest daughter, aged about 14, last summer, and the complainant was sworn to then. Hancock has been here for two months and was considerably surprised when the warrant was served on him. He stoutly maintains his innocence. Hancock is married to one of McClure's daughters.

Probable Rally Today.

Under the auspices of the State Central Committee the prohibitionists will hold an all-day rally and conference beginning at 10:30 o'clock this morning. The morning programme includes officers' welcomes and responses on behalf of a dozen temperance organizations, with an address by Wiley J. Phillips. The afternoon session will be devoted to an open parliament, with discussions of live topics by prominent reformers; reports on State party work, and five-minute papers by ministers and women engaged in prohibition endeavor. Campaign songs by the Moncey Quartette and impersonations by Eugene Knox will be interspersed throughout the day's programme, and the evening will be given over entirely to these entertainers.

BREVITIES.

The entire stock of the Lichtenberger Art Co., 489 South Spring, two doors south of Barker Bros. furniture store, will be closed out at auction, commencing Wednesday morning at 10 a. m. The stock includes a beautiful assortment of beautiful paintings, etchings, engravings, water colors, imported carvings, photographs and fancy pictures. Today and tomorrow will be exhibition days. During the sale picture frames will be made to order at cost of moulding. Thos. B. Clark, auctioneer.

CLAY FIGURES OF SENATOR WHITE.

SUGGESTIONS FOR STATUE BY LOS ANGELES SCULPTOR.

Interesting Models Seen in the Studio of Frank Stone—"The Worker" One of the Latest Pieces to Attract Attention.

Frank F. Stone, the English sculptor, whose home and studio are at No. 317 North Beaudry avenue, in this city, has lately produced several original creations for treatment in bronze, among them being the striking figure depicted here called "The Worker," which will be cast in bronze for a prominent resident, and "Don't," a pleasing study of a nude boy warding off tickling.

THE WORKER

anda. "The Worker" was originally intended by Mr. Stone to be a symbolic figure in the nude, but when the model was half completed it was done over again into the present strong study of the sturdy modern workman; a representation of labor that appeals to one as most original, because so simple.

The most interesting pieces contained in the sculptor's studio are two clay models of the late United States Senator, Stephen M. White, made as suggestions for the White memorial statue. The models are twenty inches in height, and represent two separate periods in the subject's life, one when he was in his prime, and the other as he appeared in his latter days. The one is full of composure, and bespeaks dignity and reserve power; the other stands in the tense attitude of speech conveying the impression of energy and alertness. The first figure is clothed in a long frock coat and holds a book in one hand; the other is represented in a business suit.

The plans for the bronze statue of Senator White call for a figure about twenty-seven and eight feet high, with a suitable pedestal. The work on these models covered a period of about nine weeks.

"Such a model," said Mr. Stone yesterday, "may be set up in a few days or a week or two; but after that it takes weeks—sometimes months—of touching and altering before the artist can feel even reasonably satisfied. These things grow, rather than are worked to a finish."

A number of the late Senator's friends have visited the studio on invitation to view the models, and have expressed themselves favorably on the striking likeness which they present.
